### P. T. A. ORGANIZED AT TWIN PEAKS SCHOOL

On March 20, a Parent-Teachers Association was organized in Twin Peaks School. Mrs. M. Berry of 193 Lower Terrace was elected president, Mrs. A. C. Rodoni of 5 Mars street, Secretary. At the last meeting Mrs. A. W. Smith, president of the San Francisco Congress of Mothers gave a short talk on the welfare of the child and on ways and means of how mothers can help the child. There were also other talks by visiting members of other schools. The visitors and members were entertained by a little play put on by the first grade, instructed by Miss O'Neil, teacher. The play was of revolutionary times depicting Washington and Betsy Rose. The entertainment was opened by a little boy reciting a poem of "Welcome to Parents and Teachers" composed by Miss O'Neil. Mrs. Smith, parents and visiting friends, were very much impressed and pleased with the program.

The Association of the Twin Peaks School is still young but hopes to grow. We need the assistance of all parents and friends. The school is the healthiest in the city in account of the high elevation it is above sewerage system and has less illness among the children than in any other school. It has every advantage except for a stairway leading from the cars. As it is, the children use a trail and the stairway

is a crying need.

The club has appointed a committee to see what can be done in beautifying the grounds and hope that the Park Commission will grant the request and have shrubs and trees planted. There is also a petition out to get the names of children between the ages of  $4\frac{1}{2}$  to 6 years for a kindergarten class. Miss Daily the principal of the school is very much interested and promises to arrange to have some of the Boy Scouts of the school stationed at the crossings to see that the little ones cross safely, so the mothers need not worry about that end of it.

The Club meets the first Tuesday of every month at 2:30 P. M. at the school. The next meeting will be on June 5, all parents and friends are invited, come and help us make this work a success.

### TWIN PEAKS SCHOOL HAS KINDERGARTEN

The Board of Education has voted that there will be a kindergarten at Twin Peaks School. It will be opened on July 30, the beginning of the school term. All parents who have children between the age of  $4\frac{1}{2}$  years and under 6 and wishing to send them to kindergarten will please see that the children will be enrolled on the morning of the opening of the school. The mothers will be interested to know the children will be well cared for as Miss Daily (principal) has made arrangements to see that each child will be helped across the streets by larger children and the Boy Scouts of the school will be stationed at the crossing.

The next meeting of the Parent-Teachers Association will be held at the school at 2:30 P. M. August 7. All parents and friends are invited to attend.

### TWIN PEAKS SCHOOL P.T.A. THANKS MAYOR

The Twin Peaks Parent-Teacher Association was organized last March and has since that time tried in every way to have a few improvements finished for the benefit of teachers and children, but the asked for necessities were so long in developing that the chairman of the committee, Mrs. L. G. Bauer, became impatient and appealed to Mayor Rolph who had taken the matter up and attended to it.

The work that has been delayed is about to be finished, and most of all, the stairway leading up to the school will be completed before the rains. I know the parents of the children will appreciate Mayor Rolph's kindness and help.

## NEW YEAR WISHES FOR 1924

By Margaret E. O'Neil

My wishes in prison demanding an outing

Yearn for broadcasting they're screaming for shouting,

I open the door then dear, and oh dear!

The wild little things give a triumphant cheer.

I wish you all blessings I've wished you before

I wish them again and a thousand more,

I'll wish them all through 1924

I wish for the children oh, if they all could,

Grow to be beautiful, pure, and good.

Let's try to inspire them as every one should.

I wish for you mothers who come here to plan,

And do for the school, the best that you can.

Keenest joy in your own little maiden or man,

Good wishes attend to those who may roam,

Over the land or the briny foam,

God bless the ones who are faithful at home.

My wishes like birds, wing messages clear,

My wishes like bells, now listen and hear.

They are ringing, and singing, "A Happy New Year!"

AND

One little wish that hums like a bee

And keeps up a noise like the wind in a tree

Begs the place of a friend in your heart for me.

# IN COMMEMORATION OF T. P. P. T. A.

The following poem was composed by Margaret E. O'Neil and was inspired by the first anniversary of the Twin Peaks Parent Teachers Association.

## NAMING THE BABY

By Margaret E. O'Neil

Just a year ago our baby came,  
And we all turned out to give it a name;  
To the little school house upon the hill,  
The mothers all came as good mothers will,  
Mrs. Graham was nurse some said it was shocking,  
The way she kept that cradle rocking.  
And dear Mrs. Smith quite near it did hover,  
She was to be our darling's God-mother.  
"What shall we name it, your pleasure we seek?  
But first thing of all, let's take a peek."  
Some one the covers from dear baby took,  
She gave such a cry we all turned to look.  
"Oh, and oh, oh! what shall we do?"  
Instead of one babe there were really two  
Two dear dimpled babies out from the skies,  
Looking like angels with smiling blue eyes  
Our problem is solved the President speaks,  
The names of the babes shall be, The Twin Peaks  
Yes, the Twin Peaks the parents all say,  
Just the Twin Peaks of the P. T. A.  
And the lovers of babes appealed to the fates,  
The needs of the Twins were many play mates,  
Said the powers that be for that famous pair,  
A kindergarten shall play up there,  
And the children came by groups and by pairs,  
They were promised a short cut by way of some stairs.

But the men on the job were Dilly and Dally,  
Compelling the Twins their forces to rally.  
And when they rose up so lusty their call,  
It was heard clear down at the City Hall.  
So build the stairs now for the many small feet.  
Our Twins were so happy in that day and hour  
They voted their thanks to good Mrs. Bauer.  
And thought of another most crying need.  
Now the Twins took a pull on their bottle of feed.  
We heard them to say, when the drooping eyelids,  
Were ready to close, "We're the musical kids.  
We know how to sing, to skip, and to prance,  
We must have a piano then, "On with the dance!"  
Make known all our wants with little delay."  
And soon the piano was brought on a dray.  
And when it arrived young eyes shows so bright,  
The Twins and the children were wild with delight.  
"It has come just in time," cried the voices so hearty,  
The children shall have a real Christmas party."  
A real Christmas party, and you who were here,  
Had your hearts warmed with real Christmas cheer.  
The Twins are now healthy, jolly, and merry,  
They are loyal and grateful to you—

## CHANGING TIME AND INCREASE SCHOOL COST

San Francisco Board of Education asks \$1,000,000 in School Funds Wherewith to defray added costs of Department.

An increase of more than one million dollars over funds received last year to pay the expenses of the department during 1924-25 has been asked by the Board of Education.

The Supervisors granted \$5,541,000 last year to finance the city's educational work, and this year an appropriation of \$6,618,885 is asked.

The augmented budget is needed to cover salary increases asked by teachers and for the construction and upkeep of new schools. A portion of the funds is needed to establish new night and part-time schools.

Included in the estimates of the educational body is the request for \$200,00, which is intended to provide for an increase of approximately \$100 a year in the salary of each teacher employed in the school department, an increase which would only be moderated if raised \$200 yearly instead of \$100.

Superintendent Gwinn estimated that approximately 175 new teachers will be added in the entire system.

Sixty substitute teachers, employed at a regular salary are among the needs of the school department, Superintendent Gwinn said. The placing of the substitutes on the regular payroll will greatly increase the efficiency of the department he declared.

There is an increasing demand for more night schools and the extension of educational facilities for im-

## FIVE AND A PAIR

There aren't as many twins at Twin Peaks School as there are at some of the other Mission schools, but Twin Peaks points with pride to having one of the largest families of children in the district. Here are one pair of twins, but a family of five children, all of whom are enrolled in the school. The twins (left) are Jack and Jane Morgan. The members of the big family (left to right) are Margaret, 11; Albert, 9; Florence, 10; Melvin, 6, and Maxine, 4. Their family name is Menegaux.

These twins  
are said  
to be the  
prettiest  
in San  
Francisco.

## PEAKS SCHOOL HAS BIG FAMILY

Only One Pair of Twins at  
Twin Peaks School, but  
They Are Handsome

What the Twin Peaks school lacks  
in twins—and it has one pair—it  
makes up in big families.

Five children from the same fam-  
ily, ranging in ages from 4 to 10

years, trudge daily up to the little  
eyrie on the heights, books under  
arms, and daily trudge back again.

They are Margaret, Albert, Flo-  
rence, Melvin and Maxine Menegaux,  
of French parentage, who, having  
two more small brothers at home,  
can truly say "We are seven."

Back in the '50s, or in a new coun-  
try settlement, a family of that size  
would be considered almost big  
enough to warrant starting a school  
on its own account.

In many a backwoods town the  
arrival of a new family with three

or four children has made possible  
that long hoped for institution—a  
school.

A teacher would be sent for. A  
frame shack built. And to that  
shack would trudge the all-important  
four, followed by a few resentful  
youngsters who up to that time had  
been allowed to run free because  
they were too few to establish a  
school.

### NO SENSATION IN CITY

In such a community the Mene-  
gaux family would be a sensation.

But in a huge city, where schools  
number their pupils by hundreds,  
and where a constant stream of in-  
coming foreign population makes  
large families far from rare—the  
Menegaux are but a drop in the  
bucket.

Still, they are of some importance  
in the Twin Peaks school, which is a  
small structure, housing but 200  
pupils in its eyrie high above the  
city on the Corbett road.

### ELDEST IS 11

Eldest of the Menegaux children  
is Margaret, 11, who is in the high  
fourth grade. Next comes Florence,  
10, in the low fourth; Albert, 9, low  
second; Melvin, 5, low first, and last  
and littlest, Maxine, 4, who is in the  
kindergarten.

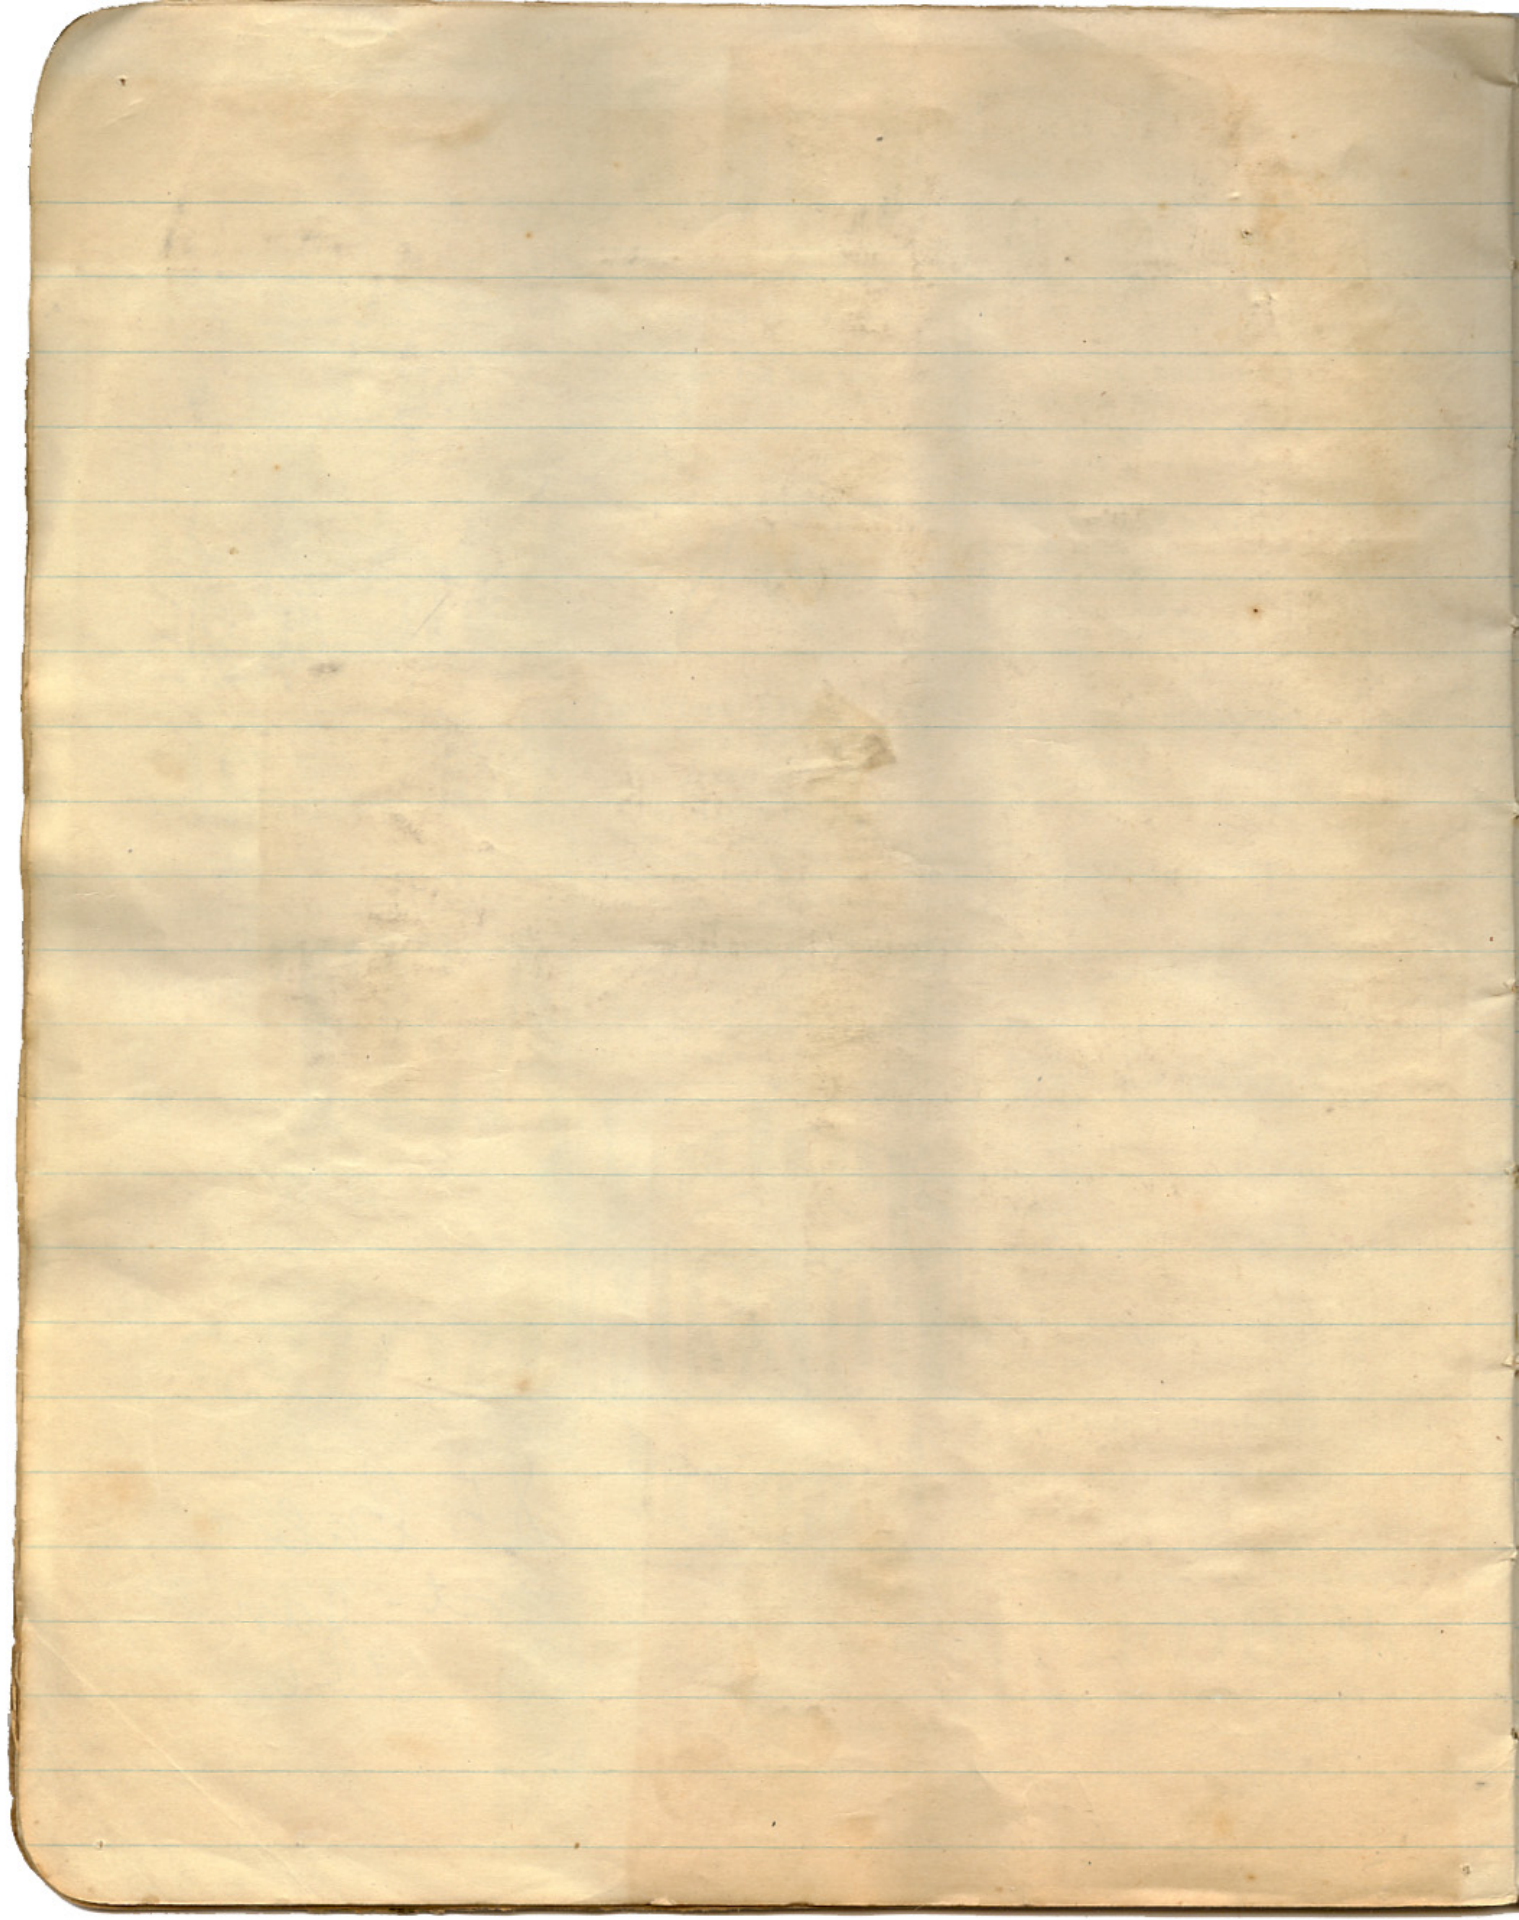

At home there are two smaller  
children—Roy, 3, and Merle, 2.

The Twin Peaks school boasts the  
prettiest pair of twins in San Fran-  
cisco.

Mrs. L. Barry, principal, offers to  
enter Jack and Jane Morgan, 5, in  
any beauty contest and bet on them  
to win.

## A Stitch in Time—!

Little Jack Kennedy could not have gone to school yesterday if Mrs. Everett Vaughan had not come to his aid with needle and thread.

C. A. A. McGee of Oakman

The Philanthropy women aid to thousands of needy school children by making them tidy school clothes out of cast-off clothing. A big exhibition of the Philanthropy work will be shown at the coming industries show.

## Women's Philanthropy Body Helps Needy School Children

All little Tommies, Marys and Jamies must go to school, the laws declare. But how can Tommie, Mary or Jamie make the grade if they haven't clothes to wear? That is the question the Congress of Mothers and Teachers' Philanthropy on Valencia street is trying to answer in a way all its own.

Yesterday, as on every Thursday, some fifty-five or more women from all parts of the city were gathered at the Philanthropy headquarters. As usual, a dozen or more sewing machines were going at record speed. More than thirty-five pairs of hands were stitching away at buttonholes, hemming and patching, while the rest of the

women workers were distributing clothing to applicants or preparing lunch for the working forces in the Philanthropy kitchen.

What's being accomplished by it all? The women are making over thousands of old garments to clothe destitute school kiddies. They are making 2000 brand new articles of clothing for distribution at Christmas. They are preparing to furnish layettes for new babies in cases of need. To do this Mrs. Osmond Reichel has reached a record of twenty machine-made articles of clothing a day. One 86-year-old woman turns out buttonholes at the rate of about ten an hour.

## HOUSE TO CONSIDER CHILD LABOR BILL

WASHINGTON, Apr. 19. — The house will take up the proposed child labor constitutional amendment next week, Rep. Longworth announced today. A vote probably will be reached before Friday.

## Parents Urge Playgrounds For Schools At Meeting

AN APPROPRIATION of approximately \$150,000 will be asked of the Board of Education for equipment and supervision of school playgrounds by a committee working in co-operation with Pacific Heights School. It was decided at a meeting of the San Francisco Congress of Mothers and Parent-Teacher Associations Tuesday. The committee, headed by Mrs. L. B. Rosemont, chairman of recreation, includes Mrs. L. Kincaid and Mrs. John S. Sheehan.

The congress unanimously voted to go on record as favoring the attendance of chaperones at all dances. It indorsed the motion that a disapproval be voiced of the sensational attitude of the press toward depraved acts of children. Mrs. Mary Ashton, juvenile chairman, sponsored the proposal.

Mrs. B. C. Clark, high school chairman, reported that the problems of the high school were social. Mrs. John Cunningham, chairman of the Americanization committee, in giving her report recommended that high schools be reduced to smaller proportions. She also advocated an exhibition by mothers of foreign birth, declaring that they possessed many articles of interest and beauty.

A committee was appointed to investigate the exact date of the organization of the San Francisco Congress, including Mrs. O. Fullmore, Mrs. Carl H. Wisewell, Mrs. L. B. Rosemont and Mrs. George Wale.

It was decided to resume parliamentary classes Monday, February 2, at the Hotel Whitcomb, under the direction of Annie Little Barry.

Mrs. W. B. Hamilton spoke on the Community Chest. Miss Estelle Carpenter, head of the music department of San Francisco public schools, discussed the value of music to children.

"Mother love and music are the two elements having the greatest effect on child life," Miss Carpenter declared. "A child's taste is made or marred by sound."

Mrs. E. A. Benson presided.

## State Congress New Public

At its next board meeting, October 10, the California Congress of Mothers and Parent-Teacher Ass'ns will discuss the advisability of instituting a publication which will aid mothers in safeguarding the well-being of their children.

Arthur H. Chamberlain, executive secretary of the California Teachers' Ass'n, has proposed the circulation of a publication which will aid teachers and parents to co-operate in uplifting the morals of the 109,000 boys and girls enrolled in the 5176 public schools of the state; 658 of whom are kindergartens, 4100 elementary schools, and 400 junior high schools.

A notable fact is the organization of 20 new parent-teacher associations in the state within the past few weeks—and it is hoped the publication of the type of periodical outlined by Mr. Chamberlain will help to increase the number of such organizations.

Mrs. Hugh Bradford, president of the state congress, will preside at the board meeting which will be held at the Vendome Hotel in San Jose, when consideration will be given Mr. Chamberlain's proposal. The establishment of a regional publicity bureau which will make Hawaii, Arizona, Nevada, New Mexico, Colorado and California responsible to the national congress publicity chairman, will also be passed upon.

## CHRISTMAS SCHOOL FETES WILL BE EARLY

Christmas exercises will be held in the public schools earlier than usual this year because of the "moving up" of the vacation period. It is expected that the festivals will be over by December 11. Instead of dismantling the trees used in the past, the board of education yesterday sent the trees to the schools in this city to give joy.

## California Leads in P.-T. A. Membership

The work of the National Congress of Parents and Teachers is being discussed today following a resume of the history of the organization by Mrs. William A. Smith, past-president of the San Francisco congress, at a meeting yesterday of Farragut Parent-Teacher Association.

"The national congress, founded 28 years ago February 17 by Mrs. Theodore Birney and financially aided by Mrs. Phoebe Hearst, is the sponsor of the mothers' pension."

"California leads all other states in point of membership," the speaker said. "We have 1184 local organizations in the state congress and 35,000 members."

Mrs. George A. Gallagher, chairman of philanthropy of the San Francisco Congress of Mothers and Parent-Teacher Ass'ns, has her department in full operation every Thursday from 10:30 to 5, in the annex of the old Horace Mann school at Valencia and 22nd-st. Under her experienced direction the work of Mrs. Gallagher and her many volunteer aides, representing, geographically, every section of San Francisco, all needy school children who come with a note from the school principal are sent away rejoicing with good clothing and shoes.

## State P.-T. A.

California Congress of Mothers and Parent-Teacher Associations will retain first place in point of membership with a total of 100,000 members when the national congress holds its annual convention at

Influence.

## McKinley P.-T. A.

McKinley School Parent-Teacher Association will celebrate American Education Week with a program which will be given Patriotic Day, Tuesday, November 18, following a business meeting, at which Mrs. D. H. Williams will preside. The program, supervised by Miss Cora Gallagher, principal of McKinley, is to include a number of patriotic songs by the children of the school, a physical education drill, directed by Miss M. M. Clark, and patriotic dance and drill, under the direction of Miss Ann McCarthy.

At the conclusion of the program Dr. Alfred Myer will talk on "Malnutrition." The lecture is one of the series presented by the Congress of Mothers and Parent-Teacher Associations in conjunction with the department of pediatrics, University of California. Other schools which will be represented at the lecture are Noe Valley, Douglass, Kate Kennedy, James Lick, Farragut, Stanford Memorial Kindergarten, Twin and Edison.

Austin, Texas, in May, according to Mrs. Hugh Bradford, state president, who is now making a tour of California.

Mrs. Bradford will be in Bakersfield January 29 and Taft January 30. An executive board meeting was held at the Young Women's Christian Association in Los Angeles January 13, when a committee was named to report at the state board meeting in San Jose February 10 on a proposal to rechristen the organization after the title of the national group, which is the National Congress of Parents and Teachers. The proposal will be acted upon at the state convention at Fresno in May.

The value of trained members with a working idea of the aims and purposes of the national branch is being stressed by Mrs. Bradford on her tour.

Mrs. L. P. Boyce.

Thursday, September 25, will be devoted to a tag day, when Mrs. Frederick Zeile will direct a squad of young women in distributing tags to registered voters and to give information on voting to new citizens.
